

# Sudden Valley Community Association Child Supervision Designee Authorization Form

We recognize that members may not always be able to personally accompany their children to the pool. To support families, this form allows an SVCA member with recreational access to authorize up to three (3) responsible adults—such as babysitters, nannies, or relatives—to accompany their children to the pool at no additional charge.

By completing and signing this form, the member affirms the following:

- The SVCA injury waiver already on file for their household applies to their children’s use of the pool when accompanied by any authorized designee.
- Each designee must:
  - Have a signed injury waiver on file with SVCA,
  - Present the member’s SVCA card when visiting the pool with the children,
  - Follow all SVCA pool rules and policies, and
  - Accept full responsibility for supervising the children during their time at the pool.
